

NATION WIDE SURVEY SHOWS MANY PERSONS OUT OF EMPLOYMENT

Over 3,000,000 Less Working
Than at This Time a Year Ago
--Automobile Industry Hit Hardest--Michigan Leads in Proportional Reduction.

(By The Associated Press)
WASHINGTON, Jan. 25.—The number of persons employed in industry in this country the first of this month numbered 3,473,466 less than the number employed a year ago, the department of labor's employment service announced tonight on the basis of a first nationwide survey just completed by a special staff of investigators.

Director John B. Densmore said this figure did not necessarily represent the number of persons actually unemployed as it was "quite possible" that some of the workers had found employment in agricultural or other pursuits not covered by the survey.

On the other hand some officials believed the army of unemployed possibly was larger than the figure given as no effort was being made to ascertain reduction in the number of persons employed in pursuits other than those classified under the head of "mechanical industry."

The employment service's figures represented a reduction of 36.9 per cent in the number of workers employed in industry as compared with January a year ago.

Leads in Proportional Reduction
Michigan led the states in proportional reduction with 82 per cent and Ohio and Indiana followed with a reduction in employment of 50 per cent each. Next came Illinois with 44 per cent and Wisconsin with 32 per cent.

The largest percentage of reduction in specific industries, 63 per cent, occurred in the automobile and accessories industries and coming to America only to be excluded, has met with the instant approval of European governments and consular officers overseas, Anthony Caminetti, commissioner general of immigration, declared today before the senate immigration committee.

Mr. Caminetti described his recent trip through Europe to obtain first hand information as to the immigration problem and told of the very extensive preparations being made by steamship lines, foreign governments and various organizations for handling the expected flood of immigrants bound for the United States.

Mr. Caminetti said he visited eight countries, Great Britain, France, Italy, Belgium, Holland, Czechoslovakia, Poland and Yugoslavia and conferred with officials whom he found interested in the proposal of Secretary Wilson and his committee to co-operate with the American government in its effort to stop inadmissible aliens at this source.

Steamship companies, he also expressed a keen desire to co-operate with the United States in this work.

Declares Old Practice Illegal
WASHINGTON, Jan. 25.—The thirty year old practice of permitting discharged soldiers undergoing treatment to re-enlist in the army, was declared illegal today by Comptroller of the Treasury Warlick. The opinion was in reply to an inquiry from Secretary Baker whether it was proper for the war department to pay the \$90 re-enlistment bonus to men whose enlistment had expired while they were receiving treatment. Mr. Warlick held that the act of March 6, 1902, required that recruits for the army be effective and able-bodied men.

UNITED STATES STEEL RECEIPTS DECREASE
New York, Jan. 25.—Earnings of the United States Steel Corporation for the year in a final statement made public after today's meetings of the legislative committee and board of directors, amounted to \$43,877,882, against \$48,051,540 in the year immediately preceding. Net income of \$3,702,810, compared with \$35,739,137, and surplus of \$14,481,146 showed a decrease of \$3,388,493.

For the year, earnings totalled \$177,174,126, against a total of \$152,290,639 in 1919 and \$208,281,104 in 1918.

FORD STILL GAINS IN ELECTION RECOUNT
Washington, Jan. 25.—A net gain of 2,495 votes had been made by Henry Ford over Senator Newberry when the senate privilege and elections committee closed its day's work in the recount of the Michigan senatorial contest with 1,718 of the 2,322 precincts reexamined.

THREE PLATOON SYSTEM BACK IN FORCE
St. Louis, Mo., Jan. 25.—The three platoon system was re-established in the police department here this afternoon by department issued at police headquarters asserted the local crime situation was under control.

The working hours of members of the department were increased to 12 hours a day December 11 last when the crime wave was at its height.

MONTANA GETS RAISE IN FARES
Washington, Jan. 25.—State passenger fares in Montana were ordered today by the interstate commerce commission to be raised to the same level as those prevailing in interstate commerce. The commission said rates now in effect discriminated against interstate business.

HOUSE LEADERS WILL INTRODUCE BILL FOR SOLDIER HOSPITALS

Will be for Care of Disabled
World War Veterans

\$13,000,000 WILL
BE APPROPRIATED

WASHINGTON, Jan. 25.—Republican leaders in the house today gave their approval of a program which called for the construction of five hospitals for war veterans suffering from mental and nervous disorders and tuberculosis.

After a conference with Representative Mondell the Republican leader Chairman Good of the appropriations committee and others, Representative Langley, Republican of Kentucky, chairman of the public buildings committee announced he would introduce a bill appropriating \$13,000,000 for such hospitals.

Members of the committee have agreed he said to report the measure favorably and a assurance has been given him that it will be taken up for passage by the house early next week at the latest.

The \$13,000,000 will be used to construct in various parts of the country three hospitals for the treatment of mental cases and two for tubercular patients, at a cost of \$2,500,000 each. Their locations have not yet been determined.

WILSON SUGGESTS PLAN FOR CONTROL OF IMMIGRATION

Should be Stopped at Its
Source to Prevent
Tragedy

FOREIGN POWERS ARE IN ACCORD

WASHINGTON, Jan. 25.—Secretary Wilson's suggestion that the admissibility of immigrants to the United States be considered at the source so as to avoid the "tragedy" of aliens breaking up their homes and coming to America only to be excluded, has met with the instant approval of European governments and consular officers overseas, Anthony Caminetti, commissioner general of immigration, declared today before the senate immigration committee.

Mr. Caminetti described his recent trip through Europe to obtain first hand information as to the immigration problem and told of the very extensive preparations being made by steamship lines, foreign governments and various organizations for handling the expected flood of immigrants bound for the United States.

Tariff Bill In Trouble

(By The Associated Press)
WASHINGTON, Jan. 25.—The Fordney emergency tariff bill was brought into the senate for consideration today but immediately ran into a small, but effective filibuster.

Merits of the bill and reasons for its early enactment by the senate had scarcely been outlined by Senator McCumber, Republican, North Dakota, before Senator Harrison, Democrat, of Mississippi, launched an attack which continued until adjournment. The tactics used in forcing delay in consideration at this time were considered sound by opponents of the bill inasmuch as the postoffice appropriation bill is scheduled for tomorrow and several other money supply bills are expected to be ready when the measure is out of the way.

When Senator McCumber asked that adjournment be taken Mr. Harrison walked out of the chamber with a broad grin.

SLEEPING SICKNESS ALARMS ILLINOIS HEALTH OFFICIALS

Thirty Three Cases
Have Been Reported
in Chicago

FATALITIES ARE USUALLY HIGH

(By The Associated Press)
SPRINGFIELD, Ill., Jan. 25.—State health officials today took steps to prevent spread into downstate of lethargic encephalitis or sleeping sickness from Chicago, where 33 cases have been reported. Dr. C. St. Clair Drake, director of the state health department assigned a field physician to isolate the four downstate cases which have been reported from Alton, Anna, Woodstock and Oak Park. The Chicago health department is handling the situation in Chicago, Dr. Drake declared.

"The so-called sleeping sickness which is now prevalent in Illinois is unlike the African disease of the same name, which is caused by a fly," Dr. Drake said. "As far as we can learn the local malady is due to infective organism, or a germ, and is not connected with any other disease as has been believed by the medical profession for a long time."

Symptoms of Disease.
"Symptoms are sleepiness, weakness, drooping of the eyelids, weakening of the muscles of the eye, double vision and an expressionless or mask-like appearance of the face. The patient's temperature usually ranges from 102 to 103."

Dr. Drake explained that victims of lethargic encephalitis sometimes sleep for several weeks at a time. Fatalities usually are high, he added, but if the patient can be aroused from his sleep, he has a fair chance of recovering. Unique methods sometimes are resorted to in arousing patients, he continued.

"If the patient had been interested in music, the playing of violin will awaken him. Likewise, he might be brought out of a semi-state of coma if something in which he was particularly interested such as a fine dress, was held before his eyes."

AMERICAN TROOPS IN GERMANY COSTLY

WASHINGTON, Jan. 25.—The debt of Germany to the United States for maintenance of American troops in German territory under the Versailles treaty now aggregates \$228,000,000 according to a statement placed in the congressional record today by Senator McKellar.

The statement includes total expenses since the occupation by the allied and associated powers. Senator McKellar said that his information was presented with a view of curtailing the regular army's size and expenses in view of mounting expenses in Germany for which, he added, payment promises to be long delayed.

"MERRY WIDOW" GETS MEN JAIL SENTENCE

Sheridan, Wyo., Jan. 25.—Four men, constituting the entire audience in the court room were sentenced by District Judge Burgess here last night to pay fines of \$5 each or to spend five days in jail for contempt of court when they applauded the report of the jury which had returned a verdict finding Mrs. Mildred French not guilty of issuing fraudulent checks.

Mrs. French is a widow.

IS HELD ON TREASON CHARGE

San Francisco, Cal., Jan. 25.—Oscar Von Windshagen, a naturalized American citizen, charged with treason thru having served in the Austrian army while that country was at war with the United States was arraigned here before United States Commissioner Hayden and held for action by the federal grand jury. In default of \$5,000 bond he was remanded to the custody of the United States marshal.

UNTERMYER SIMPLY SERVING HIS OLD CLIENTS--PALMER

Exact Status is Shown
Says Attorney
General

ADVISER OF GERMAN EMBASSY

(By The Associated Press)
WASHINGTON, Jan. 25.—Attorney General Palmer tonight charged Samuel Untermyer, New York attorney with acting in the "German interest" and "with simply serving his old clients" in his recent criticisms of Mr. Palmer's conduct of the office of alien property custodian and attorney general.

The attorney presented his charges in a formal statement with quotations from a report taken from Captain Boy-Ed, former naval attaché of the German embassy here, upon his capture by the British in Palestine, and from the diary of Heinrich F. Albert, former chief privy counselor of the German embassy. The report of Captain Boy-Ed, as made public by Mr. Palmer, referred to Mr. Untermyer as "the unpaid judicial and legal political adviser of the German embassy," while Dr. Albert, in his diary is quoted as describing a "meeting brought about for business reasons," at Mr. Untermyer's estate at Greystone, along the Hudson river.

"The reiteration by Samuel Untermyer of the baseless rumors and false charges which the friends of Germany insistently circulate about the work of the alien property custodian," Mr. Palmer said, "would not call for any reply if his recent activities had not somewhat obscured in the public mind his earlier connections which make his motives plain. He desires to undo a significant part of the war's achievement. He was vigorously opposed to the government's policy—as laid down by the congress and carried out by the executive—in regard to enemy owned property. He refers to enemy owned concerns in this country as 'properties of these unfortunate people,' whose sad plight he always sought to alleviate."

Exact Status Shown.
"His exact status despite his equivocations and denials with respect to these unfortunate people—the Germans—is best shown by an official report of Captain Boy-Ed * * * addressed to the chief of the German admiralty staff. * * * In explaining a statement which he issued on being expelled from this country, Boy-Ed said: 'Every statement was drawn up in its original form by Counselor Samuel Untermyer. He was at the time of my stay in New York, the unpaid judicial and legal adviser to the imperial embassy. He is one of the most important, if not the greatest counsel of the United States. The presumptive successor of Mr. Gerard if he should leave his ambassadorial post, a former very influential member of the Democratic party of New York state, a personal friend of Warburg.'"

"His true status is again shown in the handwritten diary of Chief Privy Councillor Albert, representing the Zentral Einkaufsgesellschaft in this country and under-secretary of state for the German republic: 'In other respects this Easter festival passed off somewhat anxiously, since at noon I was summoned to Plainfield to Hagedorn and in the evening to Untermyer at his estate at Greystone.'"

"I drove there and had reason to regret this meeting brought about for business reasons. Conversation on the prevention of the export of ammunition and other political questions, Viereck was also present."

"Thus it appears that altho Hayes, Kaufman and Lindheim were the publicly admitted attorneys of the general embassy, Untermyer was in the opinion of the embassy at least its controlling and chief counsel."

When we realize that my office has recently prosecuted to conviction and sentence both Kaufman and Lindheim for violations of the law growing out of their activities as counsel for German interests and that Mr. Lindheim is Mr. Untermyer's relative, according to his own sworn statement before the Overman committee it is plain that conscienceless resentment now moves him."

"Mr. Untermyer is merely serving his old clients by attempting to discredit the war time work of capturing enemy property in the United States. With naive confidence in the public forgetfulness, he professes to be doing it in the peoples' interest. It is really in the German interest."

WOULD COIN SOUVENIR FIFTY CENT PIECES

Washington, Jan. 25.—Coinage of \$125,000 in souvenir fifty cent pieces to commemorate the one hundredth anniversary of Missouri's admission into the union is proposed in a bill by Senator Spencer, Republican, Missouri, passed today by the senate and sent to conference.

Trouble In Bombay India

(By The Associated Press)
BOMBAY, British India, Jan. 25.—The stock exchange, cotton and bullion markets were closed today and a general hartal, or religious strike, is proposed in consequence of a grave incident yesterday attendant upon the killing of two pigeons in the street by two European boys. The natives consider pigeons sacred. A crowd of angry Indians gathered and remonstrated with the boys. The police took charge of the lads and also several Hindu boys with whom they had been fighting. The crowd followed, demanding the release of the Hindu boys, whereupon the police charged, and scenes of intense excitement ensued. The natives stoned the police, and several persons were injured and seventeen arrested. Natives are considering what steps should be taken.

CALDER BILL WILL DRIVE MIDDLEMEN OUT OF BUSINESS

Coal Direct from the
Mines to the Consumer

MAINE MAN SAYS AID TO PROFITEERS

(By The Associated Press)
WASHINGTON, Jan. 25.—Taxes on coal dealers as provided in the Calder coal regulation bill have purposely been set high "to drive the coal straight from the mine to the consumer," Senator Calder, Republican, New York, today told the senate committee, which is considering his measure.

It is the intention of the bill to "tax out of existence many unnecessary middlemen," Senator Calder said adding that it would be shown before this investigation ceases where coal on the rails has been sold three or four times between the miner and consumer.

The senator appeared before the committee to reply to statements yesterday by former Governor Curtis of Maine that the tax provisions of the bill as affecting coal dealers would aid profiteers.

Big Increase in Cost.
J. M. Armstrong, general manager of mines for the Pittsburgh Coal company, the largest mine operator in the United States, testified that the payroll cost of producing coal which included all labor charges had increased 134 per cent since 1914.

"A man driving a mule in the mines gets \$3.50 a day, and we figure this the base rate," he said, "while an ordinarily efficient miner taking out coal earns about \$12."

Loaders, shoveling coal into cars underground he said, ought to earn from \$8 to \$10 under present scales.

Mr. Armstrong said that if not prevented from running full time by "lack of cars, lack of business and lack of miners," the Pittsburgh company could produce "22,000,000 tons of coal instead of the 11,000,000 we produced last year."

Coal production costs and labor conditions will be inquired into further tomorrow before the committee.

MISCONDUCT CHARGED IN KING MURDER TRIAL

Former Defendant in Case Prefers the Charges.

New York, Jan. 25.—Charges against the members of the district attorney's office in New York county including John T. Dooling an assistant district attorney, involved in the King murder case were dismissed in a report presented to Supreme Court Justice Weeks here today by the extraordinary grand jury.

Dooling was charged with misconduct in connection with his investigation of the shooting of Mrs. Maude A. King, of New York near Concord, N. C., on August 29, 1917, Gaston B. Means, Mrs. King's business adviser, who was tried for her murder and acquitted, brought the charges against Dooling and others.

SUPREME COUNCIL TO TAKE UP DISARMAMENT

PARIS, Jan. 25.—The allied supreme council today disposed of for the moment, the Greek and Turkish questions and meanwhile considerable progress was made toward an agreement on measures to be taken for the disarmament of Germany.

The allied military experts met in the morning and soon reached an accord on points concerning which they differed slightly yesterday. The question will be finally settled probably tomorrow afternoon the morning session being devoted to reparations.

CHARLES M. SCHWAB BREAKS DOWN WHILE ON WITNESS STAND

Steel King Sheds Tears as He Tells the Committee of Shipping Board Affairs—Representative Foster Pays High Compliment to Schwab's Services to Country During War

(By The Associated Press)
NEW YORK, Jan. 25.—Overcome by his emotions, Charles M. Schwab temporarily broke down on the witness stand during his testimony here today before the Walsh congressional committee which is investigating affairs of the United States Shipping board. With tear filled eyes, he denied charges of previous witnesses that \$100,000 of a \$269,000 voucher charged to his account in the home office of the Bethlehem Shipbuilding corporation had been allocated to expense of construction of government ships. Mr. Schwab had been recalled to give testimony regarding ship construction matters during his term as director-general of the emergency fleet corporation.

PATENT MEDICINES SEEM TO BE IN FOR SOME ROUGH GOING

Those Containing Alcohol
Will be Examined
Closely

RETAILERS MUST WATCH THEIR STEP

WASHINGTON, Jan. 25.—Active steps are to be taken shortly by federal prohibition officials to block distribution of intoxicating beverages masquerading as patent medicines.

Literally thousands and thousands of applications, officials said, are coming in for permits and renewals of permits to manufacture patent medicines containing alcohol. Every application will be scrutinized with the utmost care and it is the intention of the prohibition enforcement forces to weed out all except strictly medical preparations.

Medicines prepared for legitimate use will not be interfered with, officials declared but where an evident effort is made to avoid the prohibition laws under the guise of a remedy the right to manufacture will be cut off.

Retailers disposing of patent medicines will not be disturbed by the prohibition agents, it was asserted unless it should be found that a preparation was sold with knowledge that it was to be used for an unlawful purpose. Inspectors have gone out to agents to make arrests as they would for the illegal sale of liquor.

WARRANT ISSUED FOR MISSING CASHIER

J. H. Halpin Charged With Embezzlement—Bank Has Been Closed.

KANSAS CITY, Mo., Jan. 25.—A state warrant was issued today for the arrest of John H. Halpin, the missing cashier of the Commercial State Bank of Mount Washington, a suburb of Kansas City. The warrant charges Halpin with embezzling \$2,500 and was sworn by Henry K. Vanhorn, president of the bank. The president said that he has no idea as to the whereabouts of Halpin.

Halpin left the bank recently and has not been heard from since. After the cashier's disappearance the books were checked up by a state bank examiner who reported that a large sum of money could not be accounted for. The examiner then ordered the bank to discontinue operation until after they had reorganized or the money could be replaced. The bank has remained closed.

IS CHARGED WITH VIOLATING MANN ACT

SALT LAKE CITY, Utah.—Charles D. Seymour, Jr., said to belong to a wealthy family of New York and Gary, Ind., today was ordered to appear before the United States commissioner tomorrow on a charge of a violation of the Mann act.

Seymour was arrested at Lynn, Nevada, shortly before Christmas. He is alleged to have transported Helen Witz from Atlantic City to Philadelphia, Washington and Baltimore before he married her at Elliott City, Md., June 4, 1919.

At the time that he married Miss Witz government officials allege that he was married to Mrs. Helen Seymour of Chicago.

Now they have invented chains for men and women to wear as protection from icy sidewalks. Perhaps Mr. Hubble will evolve another patent clasp.

A Pennsylvania woman used a bomb to blow up a gambling house which her husband frequented. Here's a thought for the police who are not permitted under the law to break in doors or rooms where they think gambling is under way.

Henry Ford is said to be looking around the country for \$75,000,000 to finance his enterprises. This doesn't mean that Mr. Ford is unable to find the money he needs, but does indicate a desire for more satisfactory terms. Those who know the methods of this big business man are quite confident that he will eventually find whatever he is seeking in a financial way.

The development of passenger service by airplane has its difficulties in the mere question of rates charged. One interested official said the other day: "Of course it is worth more to carry a man who weighs 250 lbs., than it is one who tips the beam at half that weight." That's perfectly reasonable as you think about it, and evidently the

charges for aerial passenger service must be upon the per pound basis.

There are some enthusiastic gardeners down at Washington. After all, the agricultural bill carries its provisions for free seeds. Yes, the appropriation was increased somewhat, no doubt because of the higher cost of seeds and this time dishonored custom of spring time distribution will continue.

The fact that the house of Mr. Christian, secretary to the president-elect, burned at Marion the other day was good for an extended newspaper notice. The damage was about \$3,500. Ordinarily a \$100,000 fire is carried in a news paragraph. Sometimes the space depends upon whose property is burned.

The suggestion that a Hoover banquet be given in Jacksonville with plates at \$10 and upward is meeting with favor. At such a banquet only very plain things such as are being actually used for the relief work would be served, and the expense would be very light. It is possible that some organization will take up this plan. Why not the Elks?

THE PROSPECTS GOOD.

It is pleasing to note that the automobile dealers of Jacksonville look forward with confidence to the coming year. They feel that the period of depression is passing and that the normal demand for the products they sell will soon be restored. Undoubtedly this view is based upon statements made to them by the manufacturers of cars and by their own observation of local people and conditions.

Some of the big factories, it is said, are operating for the production of orders they have on hand and for a reasonable number of cars in excess of actual orders, but are not straining every nerve for a maximum production as they

have in the past. The "normalcy" in the operation of the big plants is thus being passed on to the public.

WANT TO HEAR FROM THE PEOPLE.

In their work in selection of a jury list the county commissioners are furnishing but another evidence of their wish to have all citizens familiarize themselves with county problems. There are said to be many men in this county who have visited the court house only a very few times in their lives, have never been called upon for jury duty and who have little idea of court procedure. The commissioners believe that as years pass along this duty—or privilege, whichever you term it—of jury service should include all citizens eligible for such service.

Recently the members of the board had additional chairs placed in their court house room and in various ways they are letting the citizens know that they want their advice and will be glad to have them attend board sessions and to consult with the board about any subject relating to the public welfare.

THE UTILITIES COMMISSION SITUATION.

Probably the chamber of commerce in session in Springfield today would like to know just what Gov. Small has in mind to do with the utilities commission. The governor has indicated his intention of abolishing the commission but has also made it plain that he believes necessary some governing body to take its place. Nothing would suit some of the governor's critics better than to have the commission put out of business immediately, with no other body to take over all or part of its powers. The governor is too well aware of unsatisfactory conditions and relationships between cities and utilities which would result to take such action.

The course that seems to be in the thought of most people who have studied the situation is not an annulment of the utilities act, but a reconstruction, perhaps under a new name. After all, there is much in a name, even when it comes to commissions.

FARMERS HOLDING COMMUNITY MEETINGS

Conference at Asbury Church Tuesday—Lester Reed and E. R. Hemmingsham—Other Meetings Scheduled.

Another of the series of meetings that County Agent Kendall is holding for various neighborhoods and townships took place at Asbury church Tuesday afternoon. There was a goodly attendance and the various subjects discussed related to livestock marketing, limestone and phosphate purchases.

Lester Reed and E. R. Hemmingsham both told of their experiences in the use of limestone and phosphate. These men have used these soil builders consistently and with good results.

There is interest all over the county, especially along these lines, and some beneficial organization work is certain to result from the meetings which are being held.

Another meeting is scheduled for Concord this afternoon, when the members of the bureau will assemble at Odd Fellows hall. A preliminary meeting was held about two weeks ago, when the decision was reached to organize livestock shipping association. The meeting today will be for the purpose of working out the organization details, including the election of officers.

Still another of the community meetings will be held in the township hall at Murrayville Thursday afternoon at 1:30 o'clock. E. M. Phillips, county adviser of Gretna county, will be present at this meeting and make a talk.

MAKES PLEA FOR ASSYRIAN PEOPLE

Dr. Jesse Yonan Speaks at Wood-

son—Tells of Suffering in Near East.

Dr. Jesse Yonan, head of the Assyrian Nation, who is making a tour of the United States speaking in behalf of the suffering people of the Near East, spoke in the Christian church at Woodson Monday evening.

Dr. Yonan gave a thrilling message of the awful conditions of his now homeless and starving people, who because of their Christian faith are being persecuted by the Turks. He said they are being stoned, slain with the sword and are wandering about destitute, afflicted and tormented. These people during the war fought bravely under Dr. Yonan against the Turks until their ammunition supply was exhausted, and then had to flee to ward the British lines. Out of an army of 80,000 only 35,000 remained when the British line was reached, the rest having been either killed or died from exhaustion and suffering.

Since the signing of the armistice they have suffered terribly from the hands of the Turks. They are now wandering thru the mountains seeking shelter and comfort as best they can from the winter's snow.

Dr. Yonan will speak in Jacksonville sometime during the week. He is a graduate of the Rush Medical College, Chicago and was a delegate to the peace conference.

Dr. Yonan's entire family are dead, with the exception of a four year old daughter, whom he has not heard from for several months.

Scouts—Smith, Hall, forwards; Hoover, center; Cummings, Bolman, olds, guards.

CHAPIN PEOPLE INTERESTED IN RELIEF FUND CAMPAIGN

Rev. W. H. Marbach was in Chapin Tuesday night and addressed a meeting held at the Christian church in the interest of European relief. There was a goodly attendance and there is no question about the interest of people in Chapin precinct. The committee directing the work includes T. U. Markham, Henry Onken, F. W. Schults and T. H. Stone.

The Red Cross society there has given \$100 toward the fund and the work of interesting all the people of the community in the cause will be undertaken at once.

HEALTH OFFICER COMMITTEE WILL MEET SATURDAY

The citizens committee recently appointed to confer with the county board with reference to an all-time health officer will meet next Saturday at 12:30 o'clock. The original announcement was made that the committee meeting would be held today. Later this was found impracticable because certain members of the committee could not be present, and the change was made to Saturday.

OLD JACKSONVILLE

SOME WEATHER

By Ensley Moore

(Member Illinois State Historical Society)

"A Midnight Fire"

announced the Journal of Feb. 11, 1876. It then told:

"There wasn't a great amount of lightning during the storm that came up at midnight last night, but what there was was right to the point. A frame barn on the farm of Mr. James Hamilton, between two and three miles east of the city was the particular object of its wrath. A bolt of lightning struck it soon after 12 o'clock, and in a very few minutes the building was in flames. * * *

Four horses were burned, together with the other contents. The lightning must have passed right thru it, setting fire to every inflammable material in its course."

"Some" Rain

A Keokuk dispatch of Jan. 2, 1876, stated:

"A violent wind and rain storm, accompanied by thunder and lightning, passed over this city last evening, blowing down fences, signs and trees and doing much damage to property. The heaviest loss was among the lumber yards in the lower part of the city. * * * The roof of McGarrit's planing-mill, a one-story structure, was taken up and carried over a three-story building. * * *

The Mississippi rose over four feet in a few hours. The Des Moines river also rose very rapidly, forcing the bridge of the St. L., K. & N. W. railroad, over that stream, out of line about five inches. * * * The total rainfall during the 48 hours ending last evening was over four inches."

The "Goosebone" had predicted considerable meteorological disturbance after Jan. first, and the bone was right.

"Des Moines, Iowa, March 25 (76), the twenty hours' snowstorm ceased this morning."

"The snow storm of yesterday and last night was the heaviest of the winter, thruout the west." March 26.

ASSYRIAN WILL MAKE ADDRESS HERE

Dr. Yonan to Speak at State

Street Church Tonight—Saw 55,000 Refugees Die in Near East.

Dr. Jesse Yonan, an Assyrian, will address a famine relief meeting at 7:30 o'clock tonight at State Street Presbyterian church. Dr. Yonan in leading 80,000 of his people as refugees saw 55,000 of them die by the wayside in the Near East. It was the hope of the local committee that this remarkable man might make several addresses in Jacksonville but the demands on his time are such that he could only be secured for the one meeting tonight.

In 1918 eighty thousand Assyrians were compelled to rise at midnight and retreat from their homes around Lake Urmia after a long and heroic defense of their home land. Less than half of this number survived and found safety in Tabriz, Hamadan and the refuge camp at Bakuba.

These refugees have made repeated efforts to return to their cities and farms where they had lived for centuries in economic prosperity and apparent security. They are still exiles. Some have found work but still the great remnant of these Assyrian Christians mostly women and children are dependent in a large measure upon the moral support and physical sustenance from America.

"TWIN BEDS" RETURNS FOR ITS ANNUAL VISIT

"Twin Beds" is a farce that has been a positive success from its first presentation. The aim of the authors and producers has been to create real fun, merriment and laughter, and they have succeeded almost to the limit.

This sensational success abounds with situations and fun that produce cyclonic outbursts of laughter, there is unbridled gaiety created all the time and there is not a dull or solemn moment in it, and every one should make use of the opportunity and accept such pleasant stimulant as this big farce affords—which is making the whole world laugh.

Theatrical records attest that "Twin Beds," the laugh festival by Salisbury Field and Margaret Mayo is one of the emphatic standing comedy hits, and will be presented with an exceptional cast at the Grand theatre Saturday, Jan. 29, matinee and night with Zaina Curzon and the special cast intact.

Who makes those big, fat, juicy hamburgers? Louie Conlee, at Walls' Pool Hall.

CALLED TO KANSAS CITY.

Henry Welborn of Orleans, was called to Kansas City a week ago on account of the illness of his sister, Mrs. Mattie Mathews. The latter is still in a very serious condition, which will be unwelcome news to her Morgan county friends.

You can do all of your marketing in one trip to St. Louis. St. Louis is the largest money center of the Southwest. This is an important factor to your jobber and yourself.

St. Louis—Your Best Market

ST. LOUIS is your nearest big market. Merchandise considered, it is your most attractive market. The terms are as liberal as in other markets. St. Louis' economic position on the map is to your advantage. The saving in freight charges adds considerably to your profit margins.

St. Louis wholesale houses led the country in breaking high prices last October, forcing other markets to make price reductions. St. Louis houses took their losses and disposed of current stocks. They now have complete new spring stocks at readjusted prices for immediate delivery. The prices in most lines of merchandise have reached the low point. The early buyers will get the best selections.

Package Car Service.

The St. Louis Chamber of Commerce has given special attention to building up a package-car system, which assures quick delivery for the spring season when you need rush shipments. More than 1,200 package cars leave St. Louis every night for points in the St. Louis trade zone, by which your mixed shipments will reach you on almost the same basis as express. This furnishes you an emergency method for replenishing stocks.

HARDING CRUISE
 DOWN INDIAN RIVER
 IS UNEVENTFUL ONE

Expect to Reach Palm Beach
 By Wednesday
 Night

PARTY HAS NO
 FIXED SCHEDULE

VERO, Fla., Jan. 25.—The
 cruise boat Victoria bearing
 resident-elect Harding on his
 vacation trip anchored off here
 tonight at the end of another
 day of uneventful sailing down
 the Indian River. She will con-
 tinue her journey tomorrow and
 may reach Palm Beach by to-
 morrow night.

Today's run was completed in
 time to permit the president-elect
 and his companions to play eight-
 teen holes of golf at the Vero
 links and take a surf bath before
 nightfall.

Mr. Harding was welcomed at
 the golf club by members of the
 Ohio winter colony but in differ-
 ence to his wish, plans for a for-
 mal reception in his honor were
 abandoned.

WOMAN HAS MANIA
 FOR BUYING GOODS

RACINE, Wis., Jan. 25.—A
 woman giving her name as Mrs.
 Long has been creating havoc
 among retailers by placing huge
 orders for supplies, having them
 prepared for delivery and then
 disappearing.

Recently she ordered \$40
 worth of meat, saying it was for
 the Order of the Eastern Star.
 When the meat, all cut, was de-
 livered it was found that no such
 order had been authorized by the
 organization. An order for \$50
 worth of groceries was all wrap-
 ped up and also found to be un-
 authorized.

Quantities of ribbon, cut into
 varying lengths featured another
 bogus order but the climax came
 when a flower shop sent to Chi-
 cago for a huge shipment of cer-
 tain plants to decorate a Masonic
 gathering, according to the wo-
 man's order, and later learned it
 had been victimized.

WILLARD LOOKS
 FOR PLACE TO
 TRAIN FOR FIGHT

Wants to Get Some Hard
 Hitting Sparring
 Partners

WILL LET RING
 WORK TELL STORY

New York, Jan. 25.—Jesse Wil-
 lard, former heavyweight cham-
 pion spent today making prelimi-
 nary arrangements for his return
 bout with Jack Dempsey sched-
 uled to be fought here March 17.

Willard, who is accompanied
 by his manager, Ray Archer,
 stated that one of the first de-
 tails to be settled is that regard-
 ing the site of his training camp
 and the engagement of a referee
 of sparring partners. A number
 of camp quarters have been of-
 fered for Willard's consideration
 and these will be inspected early
 next week. According to Archer
 it is proposed to select a quiet is-
 olated camp, where Willard can
 settle down for a six or seven
 weeks stretch of training. Loca-
 tions in the mountains of New
 Jersey and the Adirondacks have
 been suggested as well as several
 seashore quarters.

Looks for Sparring Partners.

A tentative list of sparring
 partners has been compiled and
 from these from four to six heav-
 ies and light heavies will be se-
 lected for his "comeback." Willard
 to Willard's statements, these
 men will be picked for their
 fighting ability and there will be
 no effort to spare hard work and
 fighting in the camp.

Fast, hard hitting boxers who
 can give and take smashing blows
 will have the call and Willard will
 have enough to permit each in
 turn to take one or more days
 rest when needed. A special
 trainer also will be named in all
 probability to superintend Wil-
 lard's work as well as a physician
 who will visit the quarters sev-
 eral times a week and inspect
 Willard for muscular or organic
 defects.

Feels Certain of Result.

"No money or effort will be
 spared to get me into perfect
 condition for this bout," said
 Willard today. "I have asked
 and received a chance to regain
 my title and I am going about it
 in a businesslike way. I have felt
 certain from the day I lost the
 championship that I could regain
 it if I ever faced Dempsey again.

"The financial terms and con-
 ditions do not interest me. I will
 box on any percentage or other
 system Tex Rickard desires and I
 am quite content to let Dempsey
 have the major end of the purse
 as is his right as champion.

"All the rules and conditions
 proposed by the New York box-
 ing laws will be observed and
 obeyed and I have no suggestions
 or personal conditions to impose.
 I have asked for a chance to vic-
 timate my boxing ability and hav-
 ing received it will let my work
 in the ring tell the rest of the
 story."

IOWA SOLONS ARE IN
 TROUBLE OVER BILL

Industrial Court Measure Causing
 Much Friction—Plan Pub-
 lic Meetings With Prominent
 Speakers to Discuss Its Merits
 and Demerits.

Des Moines, Iowa, Jan. 25.—
 Plans for a joint session of the
 house and senate of the Iowa
 legislature for discussion of the
 proposed industrial court bill
 were called off late today by
 Representative Kime, sponsor of
 the bill.

It was planned to have Samuel
 Gompers, national labor cham-
 pion and leading opponent of the
 bill and Governor Allen of Kan-
 sas tell the legislators of the
 various faults and virtues to the
 court. Representative Kime said
 this afternoon that the inability
 of Mr. Gompers to accept his in-
 vitation caused the friends of the
 bill to call the joint session.

It is planned to hold a series
 of public meetings during the
 next two weeks in house cham-
 bers with national speakers to
 discuss the merits of the plan.
 The feature of the assembly to-
 day was Governor Kendall's rec-
 ommendation for state appoint-
 ments. The state went into
 executive session this morning
 and will report back Wednesday
 on the appointments.

It is probable that the three
 women named by Governor Ken-
 dall will all be approved. If so
 Mrs. Mary H. Snyder of Daven-
 port will be the first woman on
 the state board of control and
 Mrs. Anna Lawther and Mrs.
 Pauline Thomas will be the first
 women on the state board of edu-
 cation.

NIGHT POLICE
 DISCOVER FIRE

Members of the night police
 force discovered fire in the hat
 shop of John Carl in the Park
 Hotel building about 2 o'clock this
 (Wednesday) morning.

Mr. Carl was summoned and in-
 vestigation showed that fire had
 started near a furnace pipe. The
 blaze was extinguished by Mr. Carl
 and William Thompson with a
 bucket of water.

A still alarm was also sent to
 the fire department and Chief Hunt
 and Fireman Sanders responded
 but their services were not needed.
 The timely discovery by the po-
 lice undoubtedly averted a dis-
 astrous fire.

VISITOR FROM TEXAS.

FORMER PASTOR TO
 BE ARRAIGNED ON
 MAIL THEFT CHARGE

The District Attorney
 Plans to Question
 Prisoner

KYLE WILL
 PLEAD GUILTY

(By The Associated Press)
 EAST ST. LOUIS, Ill., Jan. 25.
 —Gay Kyle, former pastor of the
 Free Methodist church of Mount
 Vernon, will be arraigned here to-
 morrow before United States Com-
 missioner Oscar Hooker, for the
 mail robbery at Mount Vernon,
 January 14, last, when 21 regis-
 tered packages containing \$212,-
 000 in cash and negotiable securi-
 ties were obtained.

The hearing was set late today
 following a conference between
 United States District Attorney J.
 G. Burnside of the East district of
 Illinois and postoffice inspectors
 who brought Kyle to East St. Louis
 from Mount Vernon this morning.
 At the same time a warrant
 was issued against Kyle charging
 him with "the theft of a sack of
 mail containing a large sum of
 money."

No New Developments
 The district attorney stated no
 new developments were evolved
 from the conference and that no
 additional arrests were in immedi-
 ate prospect.

Burnside plans to question Kyle
 tomorrow morning, he said, in an
 effort to get at the bottom of the
 case. He emphasized the officials
 are satisfied Kyle is withholding
 details of the robbery in which he
 has confessed complicity.

Kyle has announced he will
 plead guilty and it is expected he
 will be given an opportunity to
 make good following his arraign-
 ment. Officials however, were of
 the opinion that he would not be
 able to furnish the sum that will
 be likely required.

The \$188,000 in cash which was
 recovered coincident with Kyle's
 arrest was sent today to the fed-
 eral reserve bank in St. Louis
 where it will be kept until the
 postal inspectors have received ad-
 vice as to its disposition.

WILLIAM DENMAN
 CORROBORATES
 JONES' CHARGES

Says Friendship Was Gained
 While Concealing
 Agreement

FRANKLIN WAS
 DENMAN'S ADVISER

CHICAGO, Ill., Jan. 25.—Will-
 iam Denman, former chairman of
 the shipping board tonight gave
 out the text of a telegram which
 he said he was sending to P. A. S.
 Franklin of New York, president
 of the International Mercantile
 Marine, in connection with charges
 made by Senator Jones last week
 that the Mercantile Marine com-
 pany had entered into an agree-
 ment with the British government
 in 1903 to pursue no policy injur-
 ious to the British mercantile mar-
 ine or to British trade.

The telegram Mr. Denman said,
 was in reply to one from Mr. Frank-
 lin asking Mr. Denman to deny
 certain reports which Mr. Frank-
 lin said had been published con-
 cerning the alleged agreement.
 Mr. Denman's reply said that while
 he had not seen the press reports
 referred to they were correct if
 they said that his confidence and
 friendship had been obtained by
 Mr. Franklin during the war while
 this alleged agreement was con-
 cealed from Mr. Denman and from
 the national council of defense.
 Mr. Denman said that if the re-
 ports stated that he believed Mr.
 Franklin had concealed knowledge
 of this alleged agreement from
 General Goethals and Mr. Hurley
 they were correct in that also.

Mr. Franklin was appointed ad-

 able. Thousands of dollars
 worth of timber have already
 been destroyed.

NEW YORK, Jan. 25.—Donald
 O'Callaghan, Lord Mayor of Cork,
 appealed for aid to his countrymen
 today in a speech before the exe-
 cutive committee of the American
 committee for relief in Ireland.

He asked that money rather
 than food or supplies be sent to
 Irish sufferers and requested the
 committee headed by Mayor J.
 O'Brien to consider reconstructing
 public buildings in Ireland.

UNTEMEYER GIVES
 LIE TO CHARGES OF
 ATTORNEY GENRAL

Says Palmer Lamentably
 Unfit for His
 Office

WILLING TO
 MATCH SERVICES

NEW YORK, Jan. 26.—Deny-
 ing that he ever acted as counsel
 for the German embassy and
 maintaining he had never had
 any business, social or profes-
 sional relations with Captain
 Boy-Ed, Samuel Untermyer to-
 night issued the following state-
 ment relative to Attorney Gen-
 eral Palmer's charges:

"I have just been shown at 10
 o'clock Mr. Palmer's lying and
 oft-repeated statement concern-
 ing my alleged activities before our
 country entered the war. They
 have been again and again pub-
 licly exploded and no one knows
 it better than he does. I insisted
 on appearing before the Overman
 committee and disproving them
 at that time. I then demon-
 strated:

"1. That I had never at any
 time acted as counsel for the
 German embassy or for anyone
 connected with it and had never
 received a dollar of their money
 and that I had repeatedly refused
 to accept retainers from them
 when the most eminent lawyers
 in the country were accepting
 them, as they and I had the right
 to do.

"2. That I never met Boy-Ed
 but once in my life, never had
 any business, social or profes-
 sional relations with him, and
 never wrote him nor received
 from him a letter in my life.

"3. That after diplomatic rela-
 tions were severed and before
 we entered the war I opened re-
 cruiting stations on the lower
 East Side for voluntary enlist-
 ments at a time when it was un-
 certain whether the conscription
 act would be passed.

"4. During the war I spent a
 large part of my time in govern-
 ment service in Washington pay-
 ing my own expenses, besides
 subscribing for \$3,000,000 of
 government bonds of the various
 loans and traveling country for
 months, also at my own expenses,
 making speeches on the various
 liberty loans.

"While Mr. Marshall does not
 happen to be my partner, and
 has not been for over seven
 years, and I did not know of, and
 had no interest in the cases he
 is said to be conducting for his
 clients, we are close friends and
 associates. I have no doubt that
 he is engaged in the legitimate
 protection of the right of his clients.

NIAGARA FALLS POWER
 COMPANY IN CONTROL

Plans Involve Canal From Buf-
 falo to Connect Lake Erie and
 Ontario—Also Plan Tunnel
 and Dam.

WASHINGTON, Jan. 25.—
 Temporary continuance of the
 Niagara Falls Power company's
 control over all water diverted
 from the Niagara river above the
 falls for power purposes, beams
 assured today thru an agreement
 between the companies applying
 to the federal power commission
 for waiver privileges along the
 river and thru decision of the
 commission to consider no ap-
 plications which would depend
 on ratification of the pending treaty
 with Canada.

The commission in virtually
 concluding its hearing on Niagara
 Power projects today received
 from Millard F. Bobwen, plans
 for a proposal involving the con-
 struction of a canal from a point
 south of Buffalo to connect Lakes
 Erie and Ontario. Secretary of
 War Baker, a member of the
 commission pronounced it a dan-
 gerous project and indicated that
 as it could not be undertaken before
 the change in administration no
 action would be taken on it by
 the present commission.

Another project which would
 include tunnels under Goat Is-
 land and a dam across the gorge
 below the falls was presented by
 Peter A. Porter of Niagara Falls.
 It was presented by Peter A. Porter
 and Dr. Kennard Thomson, of
 New York.

BRAZILIAN PRESIDENT
 IN ACCORD WITH WILSON

Concurs in Communication as to
 League of Nations Policy Rela-
 tive to Armenia.

Washington, Jan. 25.—Presi-
 dent Pessoa of Brazil, has assured
 the state department of his
 hearty concurrence in President
 Wilson's communication to the
 league of nations regarding the
 policy which Mr. Wilson believes
 should be adopted towards Rus-
 sia preliminary to any mediation
 in Armenia. The message of the
 Brazilian president was conveyed
 to the state department by the
 Brazilian ambassador who added
 that his government authorized
 the state department to announce
 its position. Brazil and Spain
 are the two government which
 offered to assist President Wil-
 son in mediation.

MURDER IS ONE OF
 UNSOLVED MYSTERIES

KANSAS CITY, Mo., Jan. 25.—
 The police announced today that
 all the clues they had followed
 in connection with the fatal shoot-
 ing here January 8 of O. V. Dodge,
 a local business man, had failed
 and that they were unable to say
 what next steps would be taken.
 Some officials predict the killing
 would be its place among the
 unsolved murder mysteries of the
 cities.

NO RESULTS FROM
 COAL CONFERENCE

Mine Workers and Operators Fail
 to Reach Decision in Discussion
 of Differences.

Philadelphia, Jan. 25.—The
 joint conference of anthracite
 mine workers and operators, which
 has been discussing increases in
 wages, the extension of the eight
 hour day and the adjustment of
 inequalities said by the miners to
 exist came to an end today after a
 two days session without any
 agreement being reached. There
 will be no further meetings unless
 one is asked by the representatives
 of the miners it was said. The
 miners are working under an
 agreement signed last September
 based on the award made by the
 United States wage commission
 appointed last summer by Presi-
 dent Wilson and which they now
 seek to have altered.

POISONED FOOD
 CAUSES DEATH

IN MICHIGAN

Two Hospital Attaches Die,
 Three Others Are
 Seriously Ill

PHYSICIANS ARE
 INVESTIGATING

GRAND RAPIDS, Mich., Jan.
 25.—With two attaches of the
 Biodgett Hospital here dead, three
 others reported in a critical con-
 dition and a dozen others ill, Dr. C.
 C. Stemons, city health officer, late
 today began an investigation of
 food served to the hospital staff
 last Saturday. A cursory analysis
 by hospital physicians, it was an-
 nounced, indicated that the fatal
 poison was bacillus botulinum from
 preserved spinach.

A special serum ordered from
 the University of Illinois, arrived
 tonight and physicians were hope-
 ful this treatment would avert
 further fatalities.

The dead are: Miss Gertrude L.
 Coyie, a nurse and John Smith, an
 orderly.

Lawrence Hill, an orderly, Jo-
 seph P. Allen, an elevator oper-
 ator and a laundry worker who name
 was not given out, are reported to
 be seriously ill. About 20 mem-
 bers of the staff partook of the
 spinach, it is said, and all have
 shown signs of poisoning.

Hospital authorities had not
 made public full details of the
 cases tonight altho it was said
 they closely resembled those at-
 tributed some months ago to the
 eating of ripe olives.

The hospital board met tonight
 to consider the cases.

SAYS FORD COMPANY
 NOT LOOKING FOR LOAN

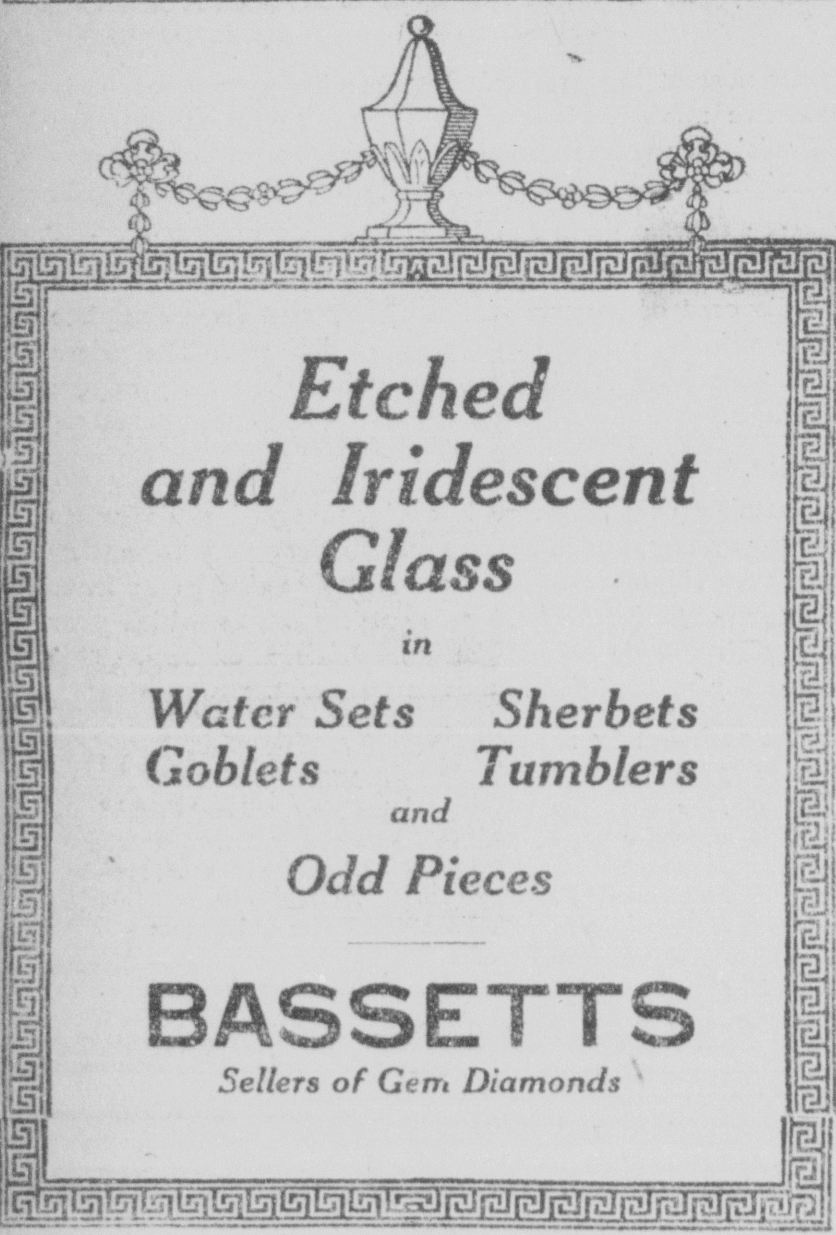

Detroit, Mich., Jan. 25.—The
 Ford Motor Company has not
 initiated negotiations for a loan
 of upwards of \$50,000,000 as re-
 ported last week in New York
 banking circles, according to a
 close business associate of Henry
 Ford here.

Offers of a loan have been re-
 ceived it was said from a number
 of banks whose representatives
 have called at the company's of-
 fices here during the last week,
 but they have have been de-
 clined.

Social Events

Social Club Met.

The regular meeting of the Social Club was held Monday evening at the home of Miss Alice Mathis, on West State street. A pleasant social evening with excellent refreshments was enjoyed by all present.

Entertain Friends.

Mr. and Mrs. Homer Potter entertained a number of their friends Monday evening at their home on Park street. The affair was an informal gathering and the evening was most enjoyably spent with music and various kinds of amusements. Delicious refreshments were served in the course of the evening.

For Miss Piepenbring.

Miss Maria Kresat delightfully entertained yesterday afternoon in honor of Miss Loretta Piepenbring, who is soon to become a bride. About ten young ladies enjoyed the event which was a theatre party. After attending the afternoon theatre performance, the guests went to the Peacock Inn where afternoon tea was served in the Pine Room.

Miss Piepenbring was also honored Monday evening at a miscellaneous shower given for her by Miss Monica Popejoy. The guest of honor received many lovely gifts and excellent refreshments were served by the hostess and Miss Mary Ryan, her aunt, at whose home the party was given.

Strawn's Crossing Club Met Here.

The Strawn's Crossing Country Club met Tuesday afternoon at the home of Mrs. N. E. Robertson on South Church street. Roll call was answered by the name of a European country and the afternoon's program carried out the same idea. Mrs. J. W. Rawlings had a paper on "The Torpedoed Millions on the Ocean Bed," and Mrs. J. W. Robertson read a paper on "The Crowned Heads of Europe." The afternoon's program was very interesting and was followed by a delightful social hour during which refreshments were served.

Mrs. C. M. Strawn Gives Party for Nephew.

Mrs. C. M. Strawn of Alexander, gave a party Tuesday evening in honor of the 15th birthday of her nephew, Wilbur Kumble. About twenty were present. A guessing contest was the main event of the evening, Miss Sentney winning the prize. Cook and five hundred were other games which were greatly enjoyed by the young people. Later in the evening Mrs. Strawn served a splendid supper, after which the guests departed for their homes wishing Wilbur many more happy returns of the day.

Oyster Supper at Whewell Home.

Mr. and Mrs. Otis Whewell entertained about forty-five of their friends Saturday evening at their pleasant country home, southwest of the city. The event was in honor of the fortieth birthday of Mr. Whewell and proved a most pleasant one for all. The hours were spent with games and music and in the course of the evening a fine oyster supper was served.

The guests were Mr. and Mrs. John Myers and family; Mr. and Mrs. James Berry and son, Clarence; Mr. and Mrs. Joy Lawless and daughter Alleen; Mr. and Mrs. Samuel Wild and family; Mr. and Mrs. Timothy Flynn and family; Mr. and Mrs. Earl Elliott and family; Misses Gertrude and Mildred Coughlin, Louise Ash, Stella Frost, Edna Lawless, Messrs. Howard Antburn, Sherman Coughlin, James Henry, Mr. and Mrs. William Stringer and family, and Thomas Stringer. The latter is ninety-six years of age but is quite hale and hearty.

When the guests departed it was with the wish that Mr. Whewell may live to enjoy many more birthday anniversaries.

BURTON HELD FOR SHOOTING WIFE

Omaha, Neb., Jan. 25.—A coroner's jury that investigated the fatal shooting in an apartment here yesterday of Jeanette Burton, 19, late today recommended that her husband, W. E. Burton, a theatrical broker be held without bail for trial in district court. Burton, the police say, claims Memphis, Tenn., as his home. A first degree murder charge will be filed against him it was said at the county attorney's office.

Vladivostok, Jan. 25.—The American Naval court of inquiry and the Japanese military court concluded an inquiry here today into the shooting of naval lieutenant Warren H. Langdon by a Japanese sentry here early this month.

ADMIRAL SIMS ATTACKS SINN FEIN IN BOSTON SPEECH

Says That No Irish American Should Support Them

WORLD CAN'T STAND ANOTHER WAR

BOSTON, Jan. 25.—Rear-Admiral William S. Sims at a mass meeting arranged by the Loyal Co-Operation here tonight said that to him it was inconceivable that American citizens of Irish nationality could support the Sinn Fein, knowing what they do about them.

"How any American of Irish descent can support a party that was our implacable enemy during our war passes my understanding," the admiral said.

Sinn Fein activities, he asserted, necessitated the diversion of vessels from the convoy of troops and of merchant ships.

"And you people here in America," he continued, "have a great many of your sons at the bottom of the sea today because we were obliged to divert those vessels and could not give adequate protection."

Characterizing many of the difficulties between the United States and Great Britain as "pin pricks," Admiral Sims said that altho pin pricks usually were of little consequence, some times they caused "blood poisoning—the poison being supplied successfully by propaganda."

"Enough pin pricks," he added "will make a dangerous situation. The world will not stand for another great war. Even were the world so disposed it could not stand another great war. The nations must find a way to compose their differences. The only sure basis is a spiritual one, it is thru the power of sentiment."

Admiral Sims expressed the opinion that the promotion of the spirit of the allies in fighting side by side in the war depended chiefly upon Great Britain and "this country taking the initiative. A permanent understanding, he said, will inevitably result in peace and good will thruout the world.

PENNSYLVANIA URGES RETURN TO PIECE WORK

Company Would Abrogate All Existing Agreements

ASK TO HAVE NOTICE RECALLED

CHICAGO, Jan. 25.—Statistics presented by the Pennsylvania railroad occupied the attention of the Railroad Labor board practically an entire day today in its hearing on rules and working conditions. Restoring of piece work which was abolished under the national agreements was urged by the railroad representatives as part of their plea for the abrogation of all existing agreements.

Contending that the Atlanta, Birmingham & Atlantic railroad has violated the transportation act by posting notices of wage reductions, employees of that road presented their case before the railroad labor board today.

The employees further asserted that no hearing on a reduction of wages should be held until the reduction ordered issued by the railroad be recalled. An early decision on the matter which Chairman R. H. Barton characterized as "pressing," is expected.

SOCIOLOGICAL HEAD TENDERS RESIGNATION

Detroit, Mich., Jan. 25.—Dr. Samuel S. Marquis announced today that he had tendered his resignation as head of the sociological department of the Ford Motor Company. It has been mutually agreed, however, he added, that no action would be taken upon it for the present. He declined to discuss his reasons for offering his resignation.

Dr. Marquis has been head of the Ford Sociological department since 1916 when he resigned as dean of St. Paul's Episcopal cathedral here.

RICHARDSON MAKES SHIFT IN FORCES

Chicago, Jan. 25.—Frank D. Richardson, prohibition director for the Central Division today began to reorganize the personnel of his office by shifting five of his assistants to new territory. Among the changes announced were the supplanting of James T. Brilerton as head of the Indianapolis district by Lee Kidder formerly in charge at Peoria and the transfer of August L. Melahn from Chicago to the Minneapolis district. James T. Brilerton, Chicago group chief will have charge of the Peoria district.

JACOB FRISCH SELLS OUT DRUG BUSINESS

Building His Pharmacy Occupies Brings Record Price of \$65,000.

The Springfield Journal states that Representative Jacob Frisch, brother of Henry Frisch, of this city, has sold his pharmacy at 505 East Washington street and will retire temporarily from business. Mr. Frisch says that he will not engage actively in business until after the close of the present session of the legislature. The drug store was sold to S. S. Friedman, who will remove the stock to new quarters.

One reason for this change is that the building Mr. Frisch has occupied has been sold to the Illinois National bank for \$65,000. The building adjoins the bank and was needed for enlargement of that institution. The price is said to have set a new real estate record in the capital city.

MR. SHERLEY HEADS DECATUR Y. M. C. A.

L. W. Sherley, formerly of this city, has recently been elected president of the Y. M. C. A. in Decatur. The organization there is very strong and has the active and united support of the leading business men of the city. The Y. M. C. A. forms the center where most of the business organizations meet.

MATRIMONIAL

Morris-Sibert.

The marriage of Miss Edith Sibert and T. Raymond Morris took place Tuesday evening at 8 o'clock. The ceremony being performed by Reverend G. W. Randle, at his residence. The young people were unattended.

The bride is the daughter of Mr. and Mrs. Fred W. Sibert, of this city. She is a graduate of the Jacksonville high school and has until recently been employed as bookkeeper of Brady Bros., and by her pleasant personality has won many friends.

The groom is the son of Mr. and Mrs. Wm. Morris, of the Ashbury neighborhood. He is a young man of sterling worth and for several years has been engaged in farming.

The young people will reside on a farm southeast of Pisgah, and their many friends will join in wishing them much happiness.

MAKES APPEAL TO STUDENTS

Mrs. Garvie, representing the European Relief committee, made a talk at the chapel exercises at the Woman's College yesterday. In the course of her talk Mrs. Garvie gave a few facts that could do nothing but touch her hearers with pity for the stricken children of Europe. The purpose of the relief organization of which Herbert Hoover is president is to save as many of the little children who are starving as possible. In the countries of Central Europe there are three million five hundred children starving to death. These are actual facts, as reported by the press agents and the governments themselves and are not exaggerations. The undernourished children are prey to all kinds of diseases and the conditions are deplorable. We look to the children of the countries to aid in the rehabilitation of Europe in the coming generation and if we leave them to starve what will be the outcome?

The funds of the European relief committee in America are used to buy staple foods which are shipped abroad to the borders of the countries. From there they are taken over by the government and the underfed children are given one meal a day at the food stations set up by the organization. Ten cents will keep a child one day, and the strongest possible appeal is being made all over the country to any one who will help to give what he can for the relief of these suffering children.

FOR MOTHERS

Bloomington, Ill.—"Dr. Pierce's Favorite Prescription proved very beneficial to me as a tonic. During expectancy I became all run-down, weak and so nervous I could not sleep. I had no appetite, was feeling miserable all over when I decided to take the Favorite Prescription. It soon built me up in strength, all nervousness left me, I could eat and sleep and felt like a different being. If more women would take this medicine there would be fewer ailing."—Mrs. Zella Shafer, 1019 W. Front Street.

If you read the Journal regularly you must have noticed the downward trend of prices, especially clothing, largely due to the merchandising methods of the local stores. We are informed by the manager, Mr. Horen, that will continue his policy of offering a household necessity each week at unheard of prices, as his contribution toward lowering the cost of living.
We are now busy setting type for the greatest price-reducing, crowd-producing sale ever held in Jacksonville.

"Mr. Horen Says."
"We have explained our purpose in conducting these special money-saving sales, but we have a particular object in this, our most unusual sale, starting Saturday. It is our intention to be here tomorrow, to conduct our store-wide sale on a much lower basis than ordinarily considered possible. We intend to sell at a price that will turn our stock every ten days."

"We are using this coming sale as a test to determine just how much people of this community will spend to a real, genuine, bargain, money-back, guaranteed sale. By definitely knowing the buying power of our territory we will be able to determine just how much we can save on our stock every ten days." See Friday's Army advertisement. — (Adv.)

RELIEF FUND
The H-Y club held a regular meeting Tuesday night at Centenary church with a goodly attendance. A fine supper was served and then the program was carried out. The H-Y club is taking an active part in the campaign to have students of the high school and David Prince contribute toward the famine fund. Not more than \$1 is being asked from each one of the boys and girls.

MAKING JURY LIST IS NO EASY TASK

County Commissioners Must Choose Over 1300 Names as Prospective Jurors—No Women on List.

Members of the county board, Messrs. Wheeler, Dawson and Osborn, as already indicated, are working on a jury list, with the assistance of Deputy County Clerk Earl Vasconcellos. In some instances in the past there has been criticism of Morgan county jurors on the theory that personal preferences of commissioners or other officials ruled in the matter of selection. The present board is seeking to select men of mature years, many of whom have never served on juries or been drawn in the lists.

The law provides the procedure for selecting jurors. Ten per cent from each voting precinct are chosen and their names are made a matter of record in the commissioners' books. Then prior to the circuit court term the commissioners select 200 names from this 10 per cent. From the 200 names a blindfolded clerk in the presence of the county judge draws 40 names for the first panel—that is, the jurors who are to serve during the first and second weeks of the particular term of court.

Then there is a similar drawing for successive two weeks court periods. The rule is, according to State's Attorney Robinson, that there should be not less than 100 names in the box from which the drawings are made, and as the original list of 200 becomes depleted other names out of the 10 per cent are selected by the county board and placed in the jury box.

This year it was necessary to select 1,314 names for this 10 per cent list. Ordinarily such a selection takes place about every two years. The commissioners are confronted with the question as to the propriety of selecting women for jury service. It was found that this question had been discussed at a recent meeting of the state's attorneys association in Chicago and that the view expressed there was that the point has not been settled. It is understood also that the attorney general of Illinois is not ready with an opinion upon this question.

Manifestly, before women can be called upon to take equal share in jury service, there must be some change in the legal requirements. As the law now stands, as applied to certain classes of criminal cases, the jurors must be kept constantly together during the entire period of the trial and even in Morgan county some criminal cases have been known to run thru at least a four weeks' period. This is only a suggestion of the various complications that are attendant upon any plan to place responsibility for jury service equally upon men and women.

J. W. DALY'S WILL FILED FOR RECORD

Estate of Railroad Man Will be Administered in Local Courts.

The will of the late John W. Daly was made a matter of record in the office of County Clerk G. L. Riggs yesterday. The document was drawn in Cleveland, Oct. 12, 1908, with R. N. Case and R. E. Watts as witnesses to the signature. Mr. Daly bequeathed one-half of his estate, real and personal, to his wife and one-half to his children. It is a further provision that if Mrs. Daly should survive the children that she shall have all the estate. If the children survive their mother, all the property shall become theirs. Mrs. Daly is named executrix without bond.

E. E. Crabtree is treasurer for the Famine Relief Fund in Jacksonville and Morgan County and all contributions for the Near East and Central European Relief should be sent to him.

ERNEST WALTER HAD SATISFACTORY SALE

Large Attendance Notwithstanding Bad Weather—Good Offerings and Spirited Bidding.

Ernest Walter held a public sale at the Hemphill farm six and one-half miles east of Jacksonville Tuesday. The weather was not favorable but this fact did not interfere with the attendance and there was a goodly crowd of bidders who knew in advance that the offerings were of good quality. Henry & Wright were the auctioneers and S. J. Camm the clerk. Mr. Walter was recently appointed superintendent of the county home and held his sale for that reason. The proceeds of the sale amounted to about \$3,000. The William Workers of Pisgah church served the lunch. One cow sold at \$150 and this was the record price for the season. The sale as a whole was very satisfactory.

Among some of the purchasers were the following:

Pete Hermes, team horses, \$322.50.
J. W. Strawn, horse, \$140.
Otto Spires, mare, \$85.
Charles Meadows, horse, \$75.
J. H. Hicks, horse, \$60; mare, \$70.

Ed Allen, span mules coming 2 and 3 years, \$287.50.
A. T. Story, yearling mule, \$82.50.

J. W. Thornley, holstein cow, \$150.
Allen Smith, cow, \$68.

A. O. Harris, cow, \$61; three yearlings, \$41.50 each.
H. J. Drury, 9 shoats, \$12.50 each; 9 shoats, \$11.50 each; 4 shoats, \$9.50 each.

Hugh Cobb, 8 pigs, \$6.80 each.
J. L. Waddell, 4 gilts, \$20 each, and sow, \$12.

Miss Mason, 2 sows, \$37.50 each.
H. J. Rice, 3 sows \$12 each, and one at \$35.50.

George Hemmrough, 5 shoats, \$10.60 each; 4 shoats, \$10.75 each, and 5 shoats at \$10.70 each.

Seed corn sold from \$2.25 to \$2.50 per bushel. Oats at 49c per bushel, and hay at 70 to 85c per bale. Oats straw brought 48c bale.

LONG TIME COUNTY RESIDENT DIES

John H. Braner Passed Away Tuesday Following Two Weeks Illness.

The death of John H. Braner took place Tuesday morning about 7:30 o'clock at his home eleven miles northwest of the city. Death came following an illness of two weeks. The deceased was born in this county in 1847 and was the son of John and Katherine Braner.

All of his life was spent on the home farm and with passing years he became one of the best known residents of the northwest part of Morgan county. He prospered as a farmer and at the time of his death was an extensive land owner. The deceased was held in high regard by his friends throughout the years and the many who have shared in his friendship will regret to know of his death.

Mr. Braner was never married and he was the last surviving member of his immediate family. The funeral is to be held Friday morning at 11 o'clock at Arcadia church. The funeral arrangements were made for that day as relatives from Oklahoma are expected.

MAID O' THE MOVIES MADE HIT OF SEASON

Big Audience Witnessed Home Talent Performance at the Grand.

The "Maid O' The Movies" presented under the auspices of Trinity church at the opera house last night, certainly went over the footlights.

Under the excellent direction of Madge McKinley representative for the Marlatt-Cargill production company, the performance of the cast of sixty local people was up to the professional grade. A large and enthusiastic audience greeted the first night presentation and everyone who saw the snappy musical revue acclaimed it the best seen in Jacksonville for some time.

The scene in the movie studio delighted the audience. Tom Buckthorpe the jovial and able director, in struggles with the Vamp, Betty Rankin, and William S. Hart the hero, the trials of Mrs. L. T. Potter, the ambitious mother of Georgiana, and Virginia Spinks wanted to pay in movies but didn't know why is ably assisted by Al, the breezy camera man, who grinds away.

Miss Eleanor Russel made a charming Mary Pickford, and was ably supported by Ollie Parker, as "Dashing Doug." Bud Bennett as Spider, furnished studio antics on the stepladder.

Mrs. George Orear in her usual fascinating manner won plenteous applause with the songs "Hold Me" and "Whose Baby Are You," assisted by six clever chorus girls.

The audience was transported to the orient in a beautiful Arabian scene to which Mrs. Paul Thompson gave a prologue to the strains of mystic music. "Kismet the Golden Sunset" was sung with great oriental charm by two noted local singers, Mrs. William Barr Brown and Mr. Quast. Miss Eugenia Woodman's Arabian dance was artistically done and was quite in accord with the oriental pictures.

The Eastern lullaby "Japanese Sandman" was sung by Mrs. Forrest and a truly Japanese chorus in bamboo hats appeared and danced in the background.

A great hit was made by the black faced comedy artists, Miss Lucille Mellen, Dick Reynolds and William Benson, Sr., who pulled some mighty snappy and up-to-date songs and jokes.

"Where a plot begins and ends" was composed of some splendid characters and had plenty of "pep." Miss Willen Miller made a most charming bride-to-be in her song "Belis" from the Ziegfeld Follies, was enthusiastically applauded. Mrs. Paul Samuel played to perfection the dignified skeptical mother and Rad Radcliffe made an ideal but distracted bridegroom who finds himself engaged to two girls. Bernard Sent made a clever best man, while Mrs. George Orear was a fascinating French modiste. "Peg" Palmer played Parker, the maid, extremely well, and Hazel Widmayer as Fainting Fanny and Francis Doane as Spike the ex-convict valet made the hit of the episode until "pinched" by Pinkerton, the classy detective. In this episode Mr. Radcliffe's song was exceedingly well done.

The "Old Fashioned Garden" sung with much beauty by Miss Edna Hackett and assisted by a dancing chorus was a quaintly charming song. Hackett Wilder sang, "In My Garden in Holland," a catchy Dutch song, with great success, and cute Holland maidens did a Dutch dance.

A male quartet, composed of Louis Lewing, Victor Sheppard, Detroit Litter and Roger Carter made a great hit singing some regular serenade songs. Uriel Goveia sang, "Please," with an accompaniment of Palm Beach bathing girls with fine effect.

One of the most artistic numbers of the evening was dance moments musical by Betty Palmer and Mary Reid. Homer Wood, Byron Shibe and Charles Ator, however, appeared immediately and put on a screaming burlesque on the preceding dance. This splendid revue ended with a Greek dance and tableau which was quite lovely, with the "Spirit of Youth," presented by Misses Eugenia Woodman, Marjorie McMurphy, Catherine Alexander and Ruth Reynolds.

Those who made the ensemble beautiful were: Betty Palmer, Ruth Reynolds, Mary Reid, Eugenia Woodman, Marjorie McMurphy, Catherine Alexander, Ida Widmayer, Sarah Russell, Clara Russell, Lucille Mellen, Josephine Milligan, Irene Miller, Anna Dorey Don, Edith Rogers, Bell Elliott, Palmer, Cleo Clark, Virginia Cummings, Fern Carlisle, Margaret Miller, Marguerite Forrest, Edna Hackett, Helen Bennett, Alice Bray, Florence Cox, Louise Struck, Anna Weir Palmer.

The costumes and stage settings furnished by Marlatt-Cargill are extremely effective and the production was without doubt one of the best of home talent Jacksonville has ever staged. The presenting cast would be hard to duplicate.

Miss Florence Loar as pianist, made a large contribution to the success of the revue. The committee chairmen were Mrs. J. Parker Doan, Mrs. U. G. Woodman and Mr. J. G. Ames. The production will be repeated tonight.

Deaths

Bowen.
Ruly Florence Bowen died at the Home Sanitarium at 5 o'clock Monday afternoon. She was born in Mt. Sterling, February 12, 1917. Besides the parents one sister, Veda Fern Bowen, and one brother, Cecil John Bowen, survive. The remains were shipped to Mt. Sterling for burial Tuesday morning.

Pelham.
Miss Mary E. Pelham passed away Tuesday morning at 10:30 after a brief illness at the residence of Mrs. W. J. Moore, 603 S. Prairie street. After the death of her blind mother for whom she tenderly cared for many years, Miss Pelham was invited to make her home with Mr. and Mrs. Moore, where she has lived as a sister for more than twenty years.

She was a sister of the late R. E. Pelham and has a sister Mrs. Eliza A. Mitchell, Lamar, Mo., and a brother, W. B. Pelham, Atchua, Kansas. Her early home was Salisbury, Ill., where now lives her sister-in-law, Mrs. Mildred Pelham, together with two nephews. Feb. 5th, Miss Pelham would have been 32 years of age. For years she has been a devoted member of Grace church and in her last illness her dependence was upon the one she had served for so many years. She was a member of the Woman's Home Missionary society and every interest of the church was dear to her heart, tho' for some time she has not been able to attend the services which were always a delight to her.

Funeral services will be held at 2:30 p. m. on Thursday, from her late residence. The services will be in charge of Rev. T. H. Tull, pastor of Grace church.

Funerals

Burl.
Funeral services for Russell Burl were held from the residence, 342 East Washington street, at 2:30 o'clock Tuesday afternoon in charge of the Rev. R. H. Hackley, pastor of Bethel A. M. E. church. There was congregational singing. Burl was made in Jacksonville cemetery.

S. S. MEETING POSTPONED
The precinct Sunday school convention, which was to have been held at Concord next Sunday, has been postponed one week on account of bad roads. Having no Sunday train service to Concord makes it rather difficult for visitors to attend the convention, unless the wagon roads are in good shape.

MEETING POSTPONED.
The meeting of the Friday Social circle has been postponed one week.

WITH THE SICK

Leo Johnson was able to resume his business duties yesterday, after an illness of several days.

Miss Marie Davis of Waddell's force, is detained at her home on account of illness.

Chalmers Bayless is ill at his home on Hardin avenue, with diphtheria.

Russell H. Smith who has been confined to his home by illness for the past week, has been removed to the Passavant hospital for further treatment.

J. E. Stice has been confined to his home on North Prairie street by illness for the past week but is now on the way to recovery. Deem Rapp has been a sufferer from rheumatism but is now improving.

The Rev. M. L. Pontius was confined to his home Tuesday by a severe cold. He was better Tuesday and expects to be about his regular duties today.

FORMER CONCORD MAN NOW IN OKLAHOMA

Rev. C. G. Cantrell Writes Inter-
esting Letter From New Home

Concord, Jan. 25.—The Journal
correspondent just received a let-
ter from Minister C. G. Cantrell,
who recently moved to Oklahoma.
The letter contains much of in-
terest to his many Morgan county
friends. It is given in full to the
Journal for publication.

S. M. Henderson: Dear Brother-
er.—Have not seen any of your
items in the Journal yet. We
were exceedingly fortunate in our
moving. We were late in arriv-
ing at Kansas City, but the next
train was late in leaving, so we
came right on through and got
here at 1 o'clock p. m. Friday the
7th. Brother Reid, who lives 4
miles in the country, met us and
took us home. They have a
splendid home, just he and his
wife.
Our goods came Saturday, and
on Monday we were at home. We
have a splendid little home of four
rooms and a bath, city water, and
will have electric lights in a few
days. The weather is fine here—
just like April in Illinois.
The roads are fine. I am plan-
ning to get me a new Ford. We
had quite a fire a week ago. I
was in a hardware store yesterday
and they said their stock in-
voiced nearly \$80,000. There is a
world of business done here. I
attended a lodge meeting of the
Masons here and they were as
fine a bunch of men as I ever saw.
The church gave us a warm re-
ception here, and things start off
well. I feel sure there is a future
for the work here. I like every-
thing—church, climate, people
and country. I just attended a
lyceum at the High school and it
was not as good as we had at Chap-
in.
Mrs. Cantrell is better since
coming here. This is the great-
est place to eat and sleep in you
ever saw. I am anxious to get
out in the country, it is so big out
here. We have not had much
wind yet, but they tell me it blows
some in Oklahoma.
My first Sunday here I told the
people not to expect much as I
had not had time to prepare.
Brother Dobson, president of the
board said after service was over
that I had better not do any pre-
paring as I had preached the best
they had ever heard me. They
seem to appreciate my work.
Yours in His Name.

THE HOUSEWIFE OF 1921

Now that Woman Suffrage is a re-
ality the American woman must
henceforth be considered not merely
as a housekeeper and home-maker,
but as a voter—a citizen and a force
in this busy work-a-day world. With
added responsibilities her health
should never be neglected, and when
beset with ailments peculiar to her
sex she owes it to herself to first give
that grand old medicine, Lydia E.
Pinkham's Vegetable Compound, a
trial, as for over forty years it has
been the standby of American women
in restoring them to health and
strength.—Adv.

FOUND HISTORIC RAILROAD TIE

An historic railroad tie was
found recently in the division En-
gineer's office of the Wabash rail-
road at Springfield. It was laid
on the old railroad which used to
operate between Naples and
Springfield thru Jacksonville. The
Decatur Review thus speaks of the
tie.

"While rummaging deep into
one of the closets of the division
engineer's office at the Wabash
passenger station, employees have
just uncovered an old relic, a piece
of an old cedar tie, still in fairly
good shape, and on which was
nailed a tin plate on which was
printed the following: "Cedar tie,
taken from sidetrack, Naples, Ill.,
by Roadmaster Welsh, in 1896.
Barged down Tennessee river and
up Mississippi and Illinois river
in 1849. Used in laying track be-
tween Naples and Springfield in
1850. In service 46 years."

This bit of history is contained
in a letter written by Charles
Thomson, secretary of the Con-
tinentals during the
several years of its existence to
his wife Hannah, an aunt of Wil-
liam Henry Harrison. The let-
ter is dated Princeton, August 21,
1873, the congress then being in
session in the New Jersey town,
and was addressed to "Mrs.
Thomson, corner of Spruce and
4 street, Philadelphia."

It was proposed that the resi-
dence of congress be removed to
Elizabethtown, N. J., but, ac-
cording to the letter, there was
opposition on the ground that
"lodging" in Elizabethtown
would cost \$4 a week, whereas it
could be obtained for \$3 a week
in Princeton. Whether the "high
cost of living" in Elizabethtown
finally swayed the congress in re-
jecting it is not disclosed, but
history records that the congress
met in Annapolis, Md., after leav-
ing Princeton and at no time sat
at Elizabethtown.

The letter, in part, which re-
cently came into the possession
of Mrs. Rex Worthington, of Har-
rison, a descendant of Mr. Thom-
son, follows:

"Dear Hannah:—
I have received your letters
dated Monday 12 o'clock and
Tuesday 10 o'clock at night and
acknowledged the receipt of them
* * * Mr. Reid was mis-
informed respecting the adjourn-
ment. They met on Monday but
they might as well have adjourned
till this time for any business
they have done. I am very ap-
prehensive that nothing but some
calamity will awaken the states
to sense of their situation.
* * * The President of
Congress has not provided a
house for himself nor is it likely
he will find one here to suit him.
I find Elizabethtown has been
talked of at his table as a proper
place for the residence of Con-
gress. He has a house there
which he says has twenty rooms
and which he will let for the use
of the president. It is true the
place is infested with mosquitoes
in summer, and lying low and near
marshes may be liable to inter-
mittents in the spring and fall,
but there are trifling when it is
considered that by fixing the resi-
dence of congress there the value
of his estate will be increased and
he will have an opportunity of
letting his house at a good rent.
But yet I am inclined to believe
this will be opposed by his col-
leagues; for Mr. Condit has
found a lodging in this town at
3 dollars a week which enables
him to lay up money. And there
is reason to fear that at Eliza-
bethtown, which is so near New
York, it will cost him at least
four. This would be a clear loss
of 52 dollars a year which is no
trifling consideration, and which
I dare say will have due weight
with some others. There are
other weighty considerations
which might be mentioned.
"Your loving husband,
"Chas. Thomson."

H. C. I. WORRIED CONTINENTALS

Nearly Moved National Capital
to Save \$52—Member Write to
Wife About It.

(By The Associated Press)

Harrison, Ark.—There was a
time in the history of the United
States when \$52, representing a
year's loss or saving to members
of Congress, was a vital factor in
the consideration of a proposed
moving of the seat of govern-
ment, and according to an offi-
cer of that same Congress, \$52 a
year was "no trifling considera-
tion."

This bit of history is contained
in a letter written by Charles
Thomson, secretary of the Con-
tinentals during the
several years of its existence to
his wife Hannah, an aunt of Wil-
liam Henry Harrison. The let-
ter is dated Princeton, August 21,
1873, the congress then being in
session in the New Jersey town,
and was addressed to "Mrs.
Thomson, corner of Spruce and
4 street, Philadelphia."

It was proposed that the resi-
dence of congress be removed to
Elizabethtown, N. J., but, ac-
cording to the letter, there was
opposition on the ground that
"lodging" in Elizabethtown
would cost \$4 a week, whereas it
could be obtained for \$3 a week
in Princeton. Whether the "high
cost of living" in Elizabethtown
finally swayed the congress in re-
jecting it is not disclosed, but
history records that the congress
met in Annapolis, Md., after leav-
ing Princeton and at no time sat
at Elizabethtown.

The letter, in part, which re-
cently came into the possession
of Mrs. Rex Worthington, of Har-
rison, a descendant of Mr. Thom-
son, follows:

"Dear Hannah:—
I have received your letters
dated Monday 12 o'clock and
Tuesday 10 o'clock at night and
acknowledged the receipt of them
* * * Mr. Reid was mis-
informed respecting the adjourn-
ment. They met on Monday but
they might as well have adjourned
till this time for any business
they have done. I am very ap-
prehensive that nothing but some
calamity will awaken the states
to sense of their situation.
* * * The President of
Congress has not provided a
house for himself nor is it likely
he will find one here to suit him.
I find Elizabethtown has been
talked of at his table as a proper
place for the residence of Con-
gress. He has a house there
which he says has twenty rooms
and which he will let for the use
of the president. It is true the
place is infested with mosquitoes
in summer, and lying low and near
marshes may be liable to inter-
mittents in the spring and fall,
but there are trifling when it is
considered that by fixing the resi-
dence of congress there the value
of his estate will be increased and
he will have an opportunity of
letting his house at a good rent.
But yet I am inclined to believe
this will be opposed by his col-
leagues; for Mr. Condit has
found a lodging in this town at
3 dollars a week which enables
him to lay up money. And there
is reason to fear that at Eliza-
bethtown, which is so near New
York, it will cost him at least
four. This would be a clear loss
of 52 dollars a year which is no
trifling consideration, and which
I dare say will have due weight
with some others. There are
other weighty considerations
which might be mentioned.
"Your loving husband,
"Chas. Thomson."

FOUND HISTORIC RAILROAD TIE

An historic railroad tie was
found recently in the division En-
gineer's office of the Wabash rail-
road at Springfield. It was laid
on the old railroad which used to
operate between Naples and
Springfield thru Jacksonville. The
Decatur Review thus speaks of the
tie.

"While rummaging deep into
one of the closets of the division
engineer's office at the Wabash
passenger station, employees have
just uncovered an old relic, a piece
of an old cedar tie, still in fairly
good shape, and on which was
nailed a tin plate on which was
printed the following: "Cedar tie,
taken from sidetrack, Naples, Ill.,
by Roadmaster Welsh, in 1896.
Barged down Tennessee river and
up Mississippi and Illinois river
in 1849. Used in laying track be-
tween Naples and Springfield in
1850. In service 46 years."

HAS NEVER FELT BETTER IN LIFE

Roach Didn't Have Well Day in Seven Long Years—Tanlac Restores Him

"If there was ever a day in my life when I felt better than I do now I can't remember it," said John Roach, of 425 Brookland St., LaSalle, Ill., in relating his experience with Tanlac. "Yes sir, I'm sixty-five years of age, and during the last seven years I didn't see a well day. My stomach was out of order, and my kidneys bothered me a great deal.

"I had to be very careful of what I ate, for the least heavy food would upset me and cause hours of suffering. My food gave me a heavy, full feeling, and at times I could hardly breathe for a lump which seemed to form in my throat and my heart palpitated frightfully.

"My back hurt so bad at times I couldn't stoop over without just suffering agony. In fact, at times I could hardly keep from yelling right out, the pain was so great.

"I was nervous, often stayed awake nearly all night and always felt tired and worn out. I fell off until I was only a shadow of what I used to be, and was so weak I could hardly stay up. It seemed that the more I tried for relief the worse I got.

"Finally a friend advised me to try Tanlac, and I count myself lucky that I got the medicine. My appetite is gone now, eat anything I want and as much as I want without the least pain or distress, and since my food agrees with me so well I have gained all my strength back.

"The pains have disappeared from my back, my kidneys never bother me in the least, and in fact, I am a well man and sleep like a log every night. Tanlac certainly has made me feel like a different person and I can't say anything to goad for it."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. E. Shreve, Wyle Drug Co., Waverly and Franklin, and leading drug store in all cities.—Adv.

AMERICA'S 'INVISIBLE GUEST'

Many of the children shown in this picture of one of the European Relief Council's child feeding stations in the famine-stricken areas of Eastern and Central Europe have regained a degree of health from the one nourishing meal a day provided by American charity. But an overwhelming proportion of them are still seriously undernourished, while tuberculosis and rickets, both the results of prolonged underfeeding, are claiming an ever-increasing number.

You can assure one of these little unfortunates a chance of life and health by making him an "invisible guest" at your family dinner table. To do this you have only to purchase an "Invisible Guest" certificate for whatever you can afford to pay. One dollar will make a child your "invisible guest" for one month—only he will sit down at a table in some feeding station in Eastern

or Central Europe. Ten dollars will make him your guest until the harvests of 1921.

The European Relief Council is composed of eight large charitable organizations which have pooled their resources to collect \$33,000,000 for the continuance of the children's kitchens in the famine lands of Europe and for the extension of medical care for millions of sick and crippled. The co-operating organizations are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Federal Council of Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

"Invisible Guest" certificates may be obtained from your local committee. Or, if you prefer, apply to Franklin K. Lane, treasurer of the European Relief Council, 42 Broadway, New York City.

LUMBER CONSERVATION TO BE CONSIDERED

At Two National Conventions to be Held in San Francisco This Month—Prominent Speakers to Appear on Programs.

San Francisco.—Conservation of lumber in the United States will be discussed here this month at two national conventions, one of the National Association of Railroad Tie Producers and the other of the American Wood Preservers' Association. The preservers' association meets tomorrow, January 25, and January 26 and 27 and the producers January 27 and 28. Most of the delegates will attend both meetings.

Lumber men, railroad engineers, foresters, wood preservers and others from many parts of the United States are expected to attend. A. R. Joyce of Chicago, president of the wood preservers' organization and R. E. Lee of Springfield, Mo., vice president of the tie association, will preside in place of the late E. M. Blake, San Francisco, who at the time of his death several weeks ago, was president of the body.

Lumber resources of the west will be described by speakers. Officials of the two organizations say that the tie supplies of the east and south are being exhausted and the railroads of the nation must look to the west for their wood. Standardization of the specifications for all woods will also be considered.

Prominent among the speakers at the wood preservers' association convention will be L. W. Conrad, Pottsville, Penn., and Dr. Charles A. Kotoid of the University of California, of Berkeley. Among important speakers at the tie meeting will be R. E. McKee, Kansas City, and John Foley, forester of the Pennsylvania railroad.

Washington, D. C., it has been said, will seek the 1922 conventions of the two organizations. About 250 delegates are expected to attend the meetings.

ANNUAL CONFERENCE OF COUNTRY SCHOOL HEADS Springfield, Ill.—The annual conference of county school superintendents of Illinois, has been called for Jan. 31 and Feb. 1, by Francis G. Blair, state superintendent of public instruction. Legislation to be proposed to the 32nd general assembly will be discussed.

NOTICE TO TAXPAYERS The tax books are now in the collectors office and taxes extended stand as judgments against all parties mentioned therein. Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible. W. H. TO CULTIVATE GIANT BLACKBERRY IN U. S.

Discovery of Large Berry in South American Republic May Revolutionize Berry Industry in U. S.

Washington.—By A. P.—Preliminary that the Colombian berry discovered in a hitherto unexplored forest region of the South American Republic for which it was named, would revolutionize the American berry industry in the same way that the naval orange, also of South American origin, marked an epoch in the history of citrus growing, are made by officials of the Department of Agriculture.

Extensive experiments with the giant blackberry, described by explorers of the Agriculture Department as four times the size of the American variety, have been begun by the division of foreign seed and plant introduction, which plans to distribute the new discovery to farmers after determining in what climates it will grow best.

In a report to officials here, Wilson Popenoe, an agricultural explorer who was sent to Columbia to investigate the discovery of the new berry by Dr. Frank M. Chapman of the American Museum of Natural History, declared that only the extreme isolation of the region where the giant grows in profusion could account for the fact that it had not long since been given to the horticultural world. Plants and seeds thus far introduced to this country were brought by Mr. Popenoe from El Penon, between Sibate and Fusaguene, in the department of Cundinamarca, where the plant is said to be found in greatest abundance.

As yet experimenters are uncertain whether the berry can be transplanted to this country without loss of some of its native characteristics,* because of the peculiar climate of the region where it was found.

While the plant grows in Colombia at an elevation of 10,000 or more feet, it is said to be improbable that it would survive at similar elevations here in the mountainous regions of lower South America. The climate of the Colombian mountains is tempered by their nearness to the equator.

Attempts to cultivate the new berry in North America are expected to be most successful in the South and West states and also along the Pacific Coast.

Hammered Piston Rings

1. **UNIFORM TENSION**—Permanent and equal pressure against the cylinder walls is obtained by a special process of hammering.

2. **HAMMERED**—Every ring is hammered by automatic machines when cold, creating the outward tension by compressing the metal under the ball-point hammer marks. Heat not being used to obtain this tension, heat cannot take it away.

3. **CONCENTRIC**—The same thickness at all points of circumference. A perfect circle. Fills the piston groove all around, leaving no space for oil accumulation and carbon deposits, keeping the cylinder in absolute round.

4. **ONE PIECE**—American Hammered Piston Rings are one-piece step-cut rings—easily installed—not subject to the high breakage of multiple piece rings.

5. **MATERIAL**—All American Hammered Piston Rings are made of a special, close-grained gray iron, every lot of which is laboratory tested. This assures absolute uniform texture.

6. **INDIVIDUALLY CAST**—Every American Hammered Piston Ring is cast in its own separate mold—each ring individually.

7. **TESTED**—American Hammered Piston Rings are tested under the Brinnell system to insure uniform hardness.

8. **DURABILITY**—American Hammered Piston Rings because of their quality, take longer to wear in—therefore longer to wear out. Being of a slightly softer composition than the cylinder walls the wear comes on the ring and not on the cylinder, thus eliminating the need for reboring.

These facts prove that American Hammered Piston Rings are leakless. Can you afford to use a ring of less quality?

Service Station For all Cars North Main Street, Just Off Square

The Driving PUBLIC

Is rapidly realizing motor cars are necessities. With this realization comes the thought—

How Can I Obtain Maximum Results

The answer is—give every part of your car the maximum amount of expert care possible.

Learn how to care for your car, in as far as you find it convenient to care for it, YOURSELF.

Learn how to tell WHEN your CAR GIVES SIGNS OF DISTRESS.

CONSULT US in regard to OPERATION, PERSONAL CARE AND MAINTENANCE.

A large number of our oldest customers give us these instructions—

Do What You Think is Best

People who think they are being cheated usually have their minds clogged with ideas of how to cheat the other fellow.

Be frank with yourself, the other fellow, and with your car.

Yours for service,

JOY BROTHERS

WITH THE Dreadnaught PLATES

Bound to Make Good on Your Car

FIVE navies use Gould Storage Batteries for the same enduring qualities of Dreadnaught Plates that give power and long life to the Gould Starting Battery.

Hard plates, that hold the active material firmly, outlast soft plates, but only in the Dreadnaught Plates is this rugged hardness combined with high power, delivery.

This durability is the result of direct control of all the factors of manufacturing—even to the production of the vitally important lead-oxide. Such care is found only in the Gould plant.

Have your next battery a Gould—there's one for your car. Meantime, get the most out of your present battery by using our expert Gould Service regularly.

SEED CORN.
We have had a wonderful season
at Mason City this year for
maturing seed corn with the re-
sult that we have the finest lot
of well dried 1920 crop of seed
corn that we have ever grown.
This corn is gathered early in
the fall and placed on drying
racks when it is very slowly
dried down to twelve or fourteen
per cent moisture content. This
gives corn of very high vitality.
We have been in the seed corn
business in a large way for over
thirteen years and have the lar-
gest and best equipped drying
plant in the world. Our down
town plant is in the center of
Mason City, right on the hard
road between Springfield and
Peoria. It is well worth a trip
to Mason City to see this corn.
Price is only \$3.50 per bushel.
Write for beautifully illustrated
catalogue, Box 44.
